Section 4.14 Suspension of Controlled Accumulation Period.

(a) The commencement of the Controlled Accumulation Period shall be suspended upon delivery by the Servicer to the Indenture Trustee of (i) an Officer’s Certificate stating that all conditions precedent to such suspension set forth in this Section 4.14 have been satisfied, (ii) a copy of an executed Qualified Maturity Agreement, and (iii) an Opinion of Counsel addressed to the Indenture Trustee as to the due authorization, execution and delivery and the validity and enforceability of such Qualified Maturity Agreement. The Servicer shall deliver a prior notice to the Rating Agencies of such suspension. The Issuer does hereby transfer, assign, set-over, and otherwise convey to the Indenture Trustee for the benefit of the Series 2024-A Noteholders, without recourse, all of its rights under any Qualified Maturity Agreement obtained in accordance with this Section 4.14 and all proceeds thereof. Such property shall constitute part of the Trust Estate for all purposes of the Indenture. The foregoing transfer, assignment, set-over and conveyance does not constitute and is not intended to result in a creation or an assumption by the Indenture Trustee or any Noteholder of any obligation of the Issuer or any other Person in connection with a Qualified Maturity Agreement or under any agreement or instrument relating thereto.

The Indenture Trustee hereby acknowledges its acceptance, to the extent validly transferred, assigned, set-over or otherwise conveyed to the Indenture Trustee, for the benefit of the Series 2024-A Noteholders, of all of the rights previously held by the Issuer under any Qualified Maturity Agreement obtained by the Issuer and all proceeds thereof, and declares that it shall hold such rights upon the trust set forth herein and in the Agreement, and subject to the terms hereof and thereof, for the benefit of the Series 2024-A Noteholders.

The amounts so deposited shall be applied on the Expected Principal Payment Date pursuant to Section 4.4(c) as if the commencement of the Controlled Accumulation Period had not been suspended.

(c) Each Qualified Maturity Agreement shall terminate at the close of business on the Expected Principal Payment Date; provided, however, that the Issuer shall terminate a Qualified Maturity Agreement prior to such Distribution Date, with notice to each Rating Agency, if (i) the Available Reserve Account Amount equals the Required Reserve Account Amount and (ii) one of the following events occurs: (A) the Issuer obtains a substitute Qualified Maturity Agreement, (B) the provider of the Qualified Maturity Agreement ceases to qualify as an Eligible Institution and ceases to be eligible to hold an Eligible Deposit Account and the Issuer is unable to obtain a substitute Qualified Maturity Agreement or (C) an Early Amortization Event occurs. In the event that the provider of a Qualified Maturity Agreement ceases to qualify as an Eligible Institution and ceases to be eligible to hold an Eligible Deposit Account, the Issuer shall use its best efforts to obtain a substitute Qualified Maturity Agreement.

(d) If a Qualified Maturity Agreement is terminated prior to the earlier of the Expected Principal Payment Date and the commencement of the Early Amortization Period and the Issuer does not obtain a substitute Qualified Maturity Agreement, the Controlled Accumulation Period shall commence on the latest of (i) the beginning of business on April 1, 2026, (ii) the date to which the commencement of the Controlled Accumulation Period is postponed pursuant to Section 4.13 (as determined on the date of such termination) and (iii) the first day of the Monthly Period following the date of such termination.

The bank uses credit bureau scoring and a proprietary scoring model developed for the bank as tools in the underwriting process and for making credit decisions. The bank uses credit bureau scoring and a proprietary scoring model also for purposes of monitoring obligor credit quality. The bank's proprietary scoring model is based on historical data and requires the bank to make various assumptions about future performance. As a result, the bank's proprietary model is not intended, and should not be relied upon, to forecast actual future performance.

With respect to credit bureau scoring, the bank utilizes VantageScore[®] credit scores to assist in its assessment of credit quality. Credit scores are obtained at origination of the account and are refreshed monthly thereafter to assist in predicting obligor behavior. The bank categorizes these credit scores into the following three credit score categories: (i) 661 or higher, which are considered the strongest credits and therefore have the lowest credit risk; (ii) 601 to 660, considered to have moderate credit risk; and (iii) 600 or less, which are considered weaker credits and therefore have the highest credit risk. In certain limited circumstances there are obligor accounts for which a credit score is not available and the bank uses alternative sources to assess credit risk and predict behavior.

The below table reflects the distribution of the accounts designated to the trust portfolio by obligor VantageScore[®] as of April 30, 2024. Because the future composition of the trust portfolio will change over time, obligor credit quality as shown in the table below is not indicative of obligor credit quality for the trust portfolio at any subsequent time. In addition, the bank's assessment of obligor credit quality may change over time depending on the conduct of the cardholder and changes in the proprietary scoring models used by the bank.
